**Attention: Mr. Greg Reimer, Executive Vice President, Transmission & Distribution -
Responsible for the Smart Metering & Infrastructure Project**

Dear Sir:

RE: BC Hydro Smart Meter Program (Installations) Pursuant to the Following Properties:

A) 834 3rd Avenue, McBride, British Columbia

This Notice of Default is in regards to the Notice you received dated May 19th, 2014 and your failure to reply as requested. It is recorded BC Hydro accepted personal cheque # 161 dated May 19th, 2014 as payment IN FULL for services rendered, according to usage 'estimates' up to and including February 18th, 2014.

Upon receipt of invoice # 150002350203, I discovered billing 'estimate' discrepancies that raise serious concerns. Until such time BC Hydro corrects these discrepancies and produces 'accurate' billing adjustments, as a kind gesture of good faith, I will send future payments in the amount of \$50.00 CAD every two (2) months beginning with cheque #167 dated July 28th, 2014. The aforementioned payment(s) is the approximate amount adjusted to reflect past usage/consumption and will continue until BC Hydro corrects the billing mismanagement concerns, or decides to pursue civil action against the Respondant.

I look forward to a written reply of this Notice within 10 days of the date of this letter, or by July 19th, 2014.

Please note that a non-reply is silence, acquiescence, acceptance, dishonour and default by tacit agreement vis-à-vis Nihil dicit, and that the statements hereto and herein – unrebutted or unrefuted – shall stand as the truth.

Regards,

ROBERT ERICKSON
